CHEERFULNESS (Double)

Dear Friends and Gardeners:

I do hope you enjoyed your bulbs and flowers this spring as much as we did ours. A 20% increase in production gave me my largest crop of daffodil blooms in several years.

King Alfred is still the acknowledged leader in the commercial field. However the most beautiful red cup varieties such as Carolina, Scarlet Leader, Agra, Actaea, and Dick Wellband were very satisfying this spring in spite of hot weather in their blooming season.

We are proud of the selection of varieties we are offering this year in our mixtures, which bloom over a period of five or six weeks. Our Yellow Mixture gives a nice selection of standard types. The Gloucester County Mixture has standard varieties along with some whites and red cups, while the River's Edge Mixture gives an interesting selection of novelties along with the yellows. Each mixture is composed of high quality, blooming-size bulbs.

All our bulbs sold by the bushel are composed of varieties which are excellent for naturalizing, i.e. planting informally where grass need not be mowed in the spring until the tops die. Our customers write us of planting our naturalizing bulbs in meadows, in vacant lots in towns, on hillsides, in light woods, or by lakes.

I sincerely thank those of you who have written me pleasant letters, telling me of the spring beauty you have created with my bulbs. Your enthusiasm brightens my interest in growing and shipping good bulbs.

Sincerely,

(MRS.) SELINA L. HOPKINS

**WE PREPAY ALL CHARGES** on all bulbs, including our bushel and peck offers, to all points EAST OF THE MISSISSIPPI RIVER.

CUSTOMERS LIVING WEST OF THE MISSISSIPPI RIVER will please add ten per cent to our prices for DAFFODILS to help with transportation charges. (This is necessary because daffodil bulbs are heavy, and the cost of transporting them is quite high.) Tulips and all other bulbs will be sent any place in this country postpaid.

**GUARANTEE:** Our bulbs are guaranteed to reach you in first class condition. Packages should be opened at once on arrival and examined. Any molded bulbs reported within 10 days of receipt will be replaced free of charge.

**PRICE LISTS:** If you do not intend to plant bulbs this year, you will do us and one of your friends a favor by passing this list on to another gardener.

**PLANTING TIME.** All bulbs on our list should be planted in the fall before the ground freezes. We start to ship our accumulated daffodil orders about September 1st. The other kinds of bulbs are imported from Holland, and of course we cannot begin to ship them until they come, which is usually about October 1st. It is usually October 15th before our iris arrive from Holland.

**BULB SHIPPING TIME** is rush time for us. So we must ask you to favor us with patience. It is to your advantage to order as early as you can and we will do all possible to get the bulbs to you at the time you prefer.

Cultural Directions Will Be Sent With Each Order

Ithaca, N. Y.  
Nov. 7, 1953

Dear Mrs. Hopkins:

I thought I should write you and acknowledge the receipt of my order and tell you that your daffodil bulbs were the finest looking bulbs that I purchased this year.

We bought daffodil bulbs from 8 different sources this year, all of them well known daffodil bulb specialists and without question your bulbs were the cleanest and finest appearing bulbs of them all. Your bulbs were in excellent condition and also of very good size. Some of the bulbs from other sources which were represented as A-1 or top grade double nose bulbs were small, dirty, and spotted. A few were bruised and one was rotten.

I thought that I would write to tell you how much we appreciated your fine bulbs and request your catalogue for 1954.

Sincerely yours,

Professor George G. Gyrisco

Dear Friend:

Years ago I had bulbs from you. They are still with me thru 3 moves. Now I'm in need of more. Can you send me a catalog or price list? This is my last move—I hope. My narcissi have been a joy thru the years and I've thought of you so often—with thanks.

Sincerely,

Mrs. Annie White

Dear Mrs. Hopkins:

It's raining in Texas today. The first rain in many months. Much of our vegetation and bulbs are gone. I am going to stock up again on daffodils and tulips. The daffodils I have been getting from you have proven wonderful. . . . I want a bushel of King Alfred daffodils.

Dear Madam:

Enclosed find check for which please send me your mixed crocus collection.

I ordered a peck of mixed daffodils last fall and was the envy of all my neighbors last spring.

Thank you for many lovely blooms last spring and the enjoyment I expect to get from the crocus bulbs.

Sincerely,

(Mrs.) Ethel W. Largent

Birmingham, Ala.

My dear Mrs. Hopkins—

The bulbs you sent me last year flourished and gave much pleasure to us and to our neighbors. Now I want to add to them—and of course the new ones must come from you!

Sincerely,

Mrs. J. Lewis Underwood
